

PRESS RELEASE

## CodeTwo Attains Microsoft Certified Partner Status

CodeTwo, an independent software manufacturer from Poland, was certified as Microsoft Certified Partner after achieving the Microsoft Competency in ISV/Software Solutions earlier this week.

Jelenia Gora, Poland, September 2, 2010—

CodeTwo, Polish software company delivering solutions based on Microsoft Office and Exchange Server platforms is now entitled Microsoft Certified Partner after meeting tough criteria of obtaining Microsoft ISV/Software Solutions competency. Both Microsoft Certified Partner status and the ISV competency recognize CodeTwo's high expertise in creating reliable software solutions based on Microsoft platforms. To meet all the requirements of receiving the Microsoft Certified Partner logo, CodeTwo programs had to undergo thorough external compatibility tests and receive several unique user references confirming the highest quality standards. As a Certified Partner, CodeTwo will now gain a rich set of benefits, including access to on-line resources, trainings and support that will intensify the further development of CodeTwo software.

CodeTwo is the author of several popular software solutions for Microsoft Office and Exchange Server platforms. It is mainly recognized for its three flagship products: CodeTwo Exchange Rules, CodeTwo Exchange Sync and CodeTwo Public Folders. Among others, CodeTwo's programs are designed to enhance productivity and groupwork in companies of every size and support teamwork management in those organizations. During a short period of time this Polish company has become one of the most recognizable software vendors in its industry branch. Attaining Microsoft Certified Partner status is another proof that CodeTwo plays an important role on the international software market and belongs to the most innovative and reliable business partners worldwide.

*- The completion of Microsoft certification process is a huge positive reinforcement for our team. – says Michal Bednarz, owner and Managing Director of CodeTwo – It also is a clear sign for our customers that solutions delivered by our company base on wide experience and technical expertise. It is a proof that clients can always rely on our solutions.*

Microsoft Partner Network is designed for supporting Microsoft Partners worldwide in delivering the most innovative and reliable services based on Microsoft technologies. Microsoft Certified Partners represent the highest level of technical wisdom and hands-on-skills which result in delivering the most effective and acknowledged solutions on the software market.
